PROFILE

I have a passion for creative solutions to complex problems. My experience as a designer and small business owner equip me with an approach grounded in efficiency, critical thinking, and innovation. I look forward to being part of a team where I can grow, teach, and create alongside my peers.

PROJECTS

DFX – DIGITAL RECORD KEEPING
NODE.JS, GRAPHQL, PRISMA, APOLLO, REACT, TYPESCRIPT
- A custom record keeping application designed for Developmental FX that allows for client intake, scheduling, payment, as well as several other administrative tasks.

FEATHERWEIGHT DESIGN COMPONENT LIBRARY
TYPESCRIPT, WEBPACK, NPM, STORYBOOK, SCSS
- A reusable component library built to standardize and expedite the design/development process for new applications. Allows consuming code bases to customize branding colors and styles.

SPIRIT©
REACT, REDUX, ROUTER, NODE.JS, EXPRESS, OAUTH
- A front-end application built to simplify and modernize the SpIRiT of Occupational Therapy© created by Stackhouse & Graf which helps therapists to pinpoint unique treatments for children in need.
