PROFILE

I have a passion for creative solutions to complex problems. My experience as a designer and small business owner equip me with an approach grounded in efficiency, critical thinking, and innovation. I look forward to being part of a team where I can grow, teach, and create alongside my peers.

PROJECTS

SPIRIT©
REACT, REDUX, ROUTER, NODE.JS, EXPRESS, OAUTH
- A front-end application built to simplify and modernize the SpIRiT of Occupational Therapy© created by Stackhouse & Graf which helps therapists to pinpoint unique treatments for children in need.

OUR PLANET
REACT, REDUX, ROUTER, NODE.JS, EXPRESS, JEST & ENZYME
- Allows users to view photos and facts about endangered animals, as well as search by name, endangered status, and geographical region.

SWAPI BOX
REACT, SCSS, JEST & ENZYME
- Built using the Star Wars API as a study in asynchronous JavaScript with nested API calls. Leverages ES6 and hones in on best practices for complex functionality testing.
